

PUBLIC NOTICE
XPLORE INC. - Proposed 45m Self-Support Lattice Tower Site

Xplore Inc. has proposed a 45m tall steel self-support lattice tower and related radio equipment at 7788 9th Line, Thornton, Ontario. Site is proposed in the center of the subject property behind the existing barn, setback 250m from 9th Line. An existing field entrance will be utilized to access property and site. Proposed tower site will improve Xplore wireless internet services to the community.

ANY PERSON may make a written submission or request additional information to the individuals listed below by closing date of Monday, March 6, 2023.

PLEASE TAKE NOTICE the approval of this site and its design is under the exclusive jurisdiction of the Government of Canada through Innovation, Science and Economic Development Canada (ISED). For more information on the federal process pertaining to these installations please contact the local ISED office at: spectrumtoronto-spectretronto@cised-isde.gc.ca
